

David Martin

My Experience:

I'm a qualified accountant with a breadth of financial and business experience within both private and public sectors.

About Me:

I currently live in Repton. When I'm not working I love to cycle, play golf, watch Derby County play at Pride Park, or go walking with my two dogs. As a married father with three grown up daughters and five young active grandchildren, I often find myself spending some of my leisure time as a taxi driver.

Why I volunteer:

I enjoy being a trustee with SARAC and contributing to such a worthy and valuable charity.
