

Jo Leonard

About Me:

My history is in customer and stakeholder engagement, with experience in data analysis. I hope that this experience will make me an asset to the SARAC team, and able to help with spreading our vital message far and wide.

My experience:

Although I'm new to the SARAC trustee board, I have already been inspired. I feel that the opportunity to be a trustee has given me the chance to support the team with the critical work they do.

My motivation as a trustee:

From both a personal and professional perspective, I have a passion for the importance of services like SARAC's, and the difference they can make to people's lives. The way services like ours can educate people and helping them at the same time is fascinating and something that I can't wait to become involved in.
